## **Clery Act Annual Security Report**

The Culinary School of Fort Worth (CSFTW) Annual Security Report of 2022 is provided to both current and prospective students and employees. In complying with the crime statistical reporting requirements, CSFTW provides a map for the campus which outlines the building and parking lots that students use while attending classes. CSFTW does not have non-campus buildings or property or public property areas.

### **Development, Disclosure and Implementation of Security Policies**

The School Director is designated to ensure CSFTW security policies are actively implemented as prescribed. The Director of Compliance prepared this report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and works on-going to ensure that administration staff, faculty, students and guests are aware of CSFTW security policies.

### **Campus Security Authorities**

Campus Security Authorities (CSAs), as defined by the Clery Act, have an obligation to report allegations of Clery Act defined crimes that they conclude are made in good faith. These crime allegations should be reported to a CSA or to the local police. The Clery Act definition of a campus security authority includes any personnel who has significant responsibility for student and campus activities, including but not limited to; student discipline, student activities, campus conduct proceedings, advisors to student organizations, event security, or those who monitor access to the campus. The Director of Compliance and Program Director are the current CSAs on campus. Crimes may be reported to CSAs for inclusion in the Annual Security Report. CSAs are designated with the understanding that some individuals may feel more comfortable reporting crimes to campus-affiliated individuals rather than to the police. CSAs are responsible for providing information to the local police outside of qualifying confidential requests.

### **Immediate Notification**

CSFTW administration will immediately notify the campus community upon confirmation of an emergency or dangerous situation involving an on campus, immediate threat to the health and safety of students, faculty, or staff. The purpose of the Immediate Notification procedure is to produce relevant information to CSFTW students, faculty, staff, and visitors as soon as possible when an emergency incident occurs that is a threat to health and safety.

Once a threat is confirmed by the school Director or designee, immediate notification will be distributed depending on the nature of the threat and information to be released. In-class notifications, emails, postings on Orbund (CSFTW student portal), and phone call notifications will be utilized for students, faculty, and staff. Parents or other interested members of the community can also obtain information in the event of an emergency on campus via the local news media.

### **Emergency Response Procedures**

In the case of an emergency or immediate or perceived threat toward the students and/or employees, or immediate or perceived threat toward any other person on the school premises, an employee is authorized to make an emergency call to 911. Instructors and/or staff members should

remain in the room with their students if they are notified of a possible emergency. As soon as reasonably possible, the Administration should be notified of the threat.

All employees are expected to be familiar with and to follow procedures outlined in the Culinary School of Fort Worth Emergency Response Procedures:

1. School Director is notified of a critical incident involving a Culinary School of Fort Worth student or employee at (817) 737-8427 during the day, and (817) 737-8427 after hours or on holidays.
  - 1.1. First responders may call 911 if they determine that immediate medical attention is necessary. Once emergency services have been contacted, all steps in this process must be followed.
2. The School Director gathers information concerning the critical incident and responds accordingly.
  - 2.1. In the event that scheduled classes need to be cancelled or altered in some manner, the School Director will contact the faculty. The School Administrative Offices will contact the students via email and the closure will be posted on the school's student portal, Orbund, as well as all social media pages associated with the school.
  - 2.2. Any media contact, press releases, email or website assistance must be coordinated through the School Director
3. Depending on the evaluation of the situation, one or more of the following may occur:
  - 3.1. The Culinary School of Fort Worth will without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to or otherwise mitigate the emergency.
  - 3.2. The School Director goes to the scene of the incident to assess the need for back-up personnel.
  - 3.3. Based on the initial findings, the response may include dealing with the situation alone, contacting appropriate outside agencies (e.g. local police, hospital), contacting family members, or contacting a counseling center.
  - 3.4. If warranted, an emergency meeting of the Critical Incident Response Team (CIRT) may be called after evaluation of the situation with the consent of the School Director.
  - 3.5. School Director initiates family contacts.
  - 3.6. CIRT Command Headquarters is activated in the Administrative offices. The Crisis Center (if activated) will be located in the Administrative offices as well. The CIRT Command Headquarters will communicate directly with the Crisis Center on activities and communications to be carried out.
  - 3.7. Emergency CIRT meeting is called. If determined in the emergency CIRT meeting, the CIRT will assist the School Director in dealing with the critical incident. This may include assisting affected student or employee's family members, counseling with students or college employees, gathering additional information, etc.
4. Once the issue/situation is under control, the CIRT will meet and debrief. Any needed follow-up plans, communications, activities, and/or programs will be determined for final resolution of the critical incident. Timelines for these activities will be determined and a closure/evaluation meeting of the CIRT will be scheduled. CIRT will evaluate all responses to the critical incident at the closure/evaluation meeting.
5. The CIRT will recommend to the School Director any policy revisions in procedures and will compile a Critical Incident Report to be filed in the Director of Compliance office.

CSFTW's first priority when an emergency occurs is employee, student and guest safety and emergency response. The second priority is disaster recovery and business continuity. When an immediate threat to the campus occurs, CSAs along with local police, fire and EMS are usually the first responders. Depending on the nature of the incident, other CSFTW departments and other local agencies could also be involved in responding to the incident.

## CSFTW Crisis Center

When a critical incident involves responses from a variety of personnel, a Crisis Center will be established in the Administration offices. The CIRT Command Headquarters (HQ) will communicate with the Crisis Center to coordinate all activities involved in the response to the critical incident. Communications involving responding personnel will be dispersed through this Crisis Center by the Center Head as directed by the CIRT. The School Director will assign the Center Head of the Crisis Center when a situation arises. The Center Head is responsible for gathering any documents and/or gear necessary.

## **Emergency Evacuation**

Evacuation routes are posted throughout the building. In the event staff should have to evacuate a facility, they are to close their office doors behind them and exit according to the posted evacuation routes, unless blocked or unsafe. All staff should familiarize themselves with alternate routes from their office to the outside.

During an emergency evacuation, each instructor is responsible for the safe and orderly evacuation of his/her class. Instructors not in class should assist with any evacuation problems that may arise. It is the instructor's responsibility to prevent panic, control traffic, and provide calm leadership.

The following guidelines should be observed:

- Instructors should know the shortest route from the classroom to the nearest exit along with alternate routes should the need arise
- When the need to evacuate the building arises, the class should be directed to move single file through the nearest exit and well beyond the building to an area of safety
- The instructor should be last to leave in order to check that all students are out of the classroom and to close the door
- Never return to the building until instructed to do so by the appropriate authorities
- Once outside assemble the group to account for all students

## **“Shelter-in-Place”**

To “shelter-in-place” means to utilize the building you are in as shelter from danger that is outside or in other areas of the building you are in. If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take easily accessible personal belongings (purse, wallet, ID, etc.) and follow the evacuation procedures for your building. Once you have evacuated, proceed to a safe location. If police or fire department personnel are on the scene, follow their directions.

Notification to “shelter-in-place” may be delivered via email or verbally by faculty or administration.

### ***How to “shelter-in-place”***

If instructed to “shelter-in-place” follow these steps:

- If inside, stay where you are, collect any emergency supplies and a telephone to be used in case of emergency. If outside, proceed to the closest building or follow instructions from emergency personnel on the scene.
- Locate a room to shelter inside. It should be:
  - An interior room, above ground level, without windows or least number of windows, if a large group of people is inside-several rooms may be necessary
- Shut and lock all windows and close exterior doors
- Turn off air conditioners, heaters and fans
- Close vents to ventilation systems as able
- Make a list of the people present and call the school answering service, (817) 737-8427, with the list and notify them of the emergency status. The answering service will notify the School Director and appointed personnel of the emergency status via email and text message
- Turn on a radio or TV and listen for further instructions
- Remain calm and make yourself comfortable

## **Lockdown**

Lockdown is intended to limit access and hazards by controlling and managing staff and students in order to increase safety and reduce possible victimization. When alerted, occupants of any building within the subject area will lock all doors and windows not allowing entry or exit to anyone until the all clear has been sounded. Notification of “Lockdown” may be delivered via email, or verbally by faculty or administration.

### ***How to Lockdown***

The steps to lockdown will be the same regardless of location. Follow these steps, unless instructed otherwise by local emergency personnel:

- Remain Calm
  - Remain indoors (your office or classroom)
  - If safe, clear common areas of all students, faculty and staff
  - Close and lock all doors, barricade with furniture if necessary
  - Turn off all lights
  - Remain silent
  - Occupants should be seated below window level, away from windows and doors
  - Silence cell phones
  - Turn off all radios and other devices that emit sound
  - If gunshots are heard, lay on the floor using heavy objects, e.g. tables, filing cabinets for shelter
  - If safe to do so, turn off gas and electric appliances
  - Do not unlock doors or attempt to leave until instructed to do so by emergency responders.
- Follow directions of emergency responders

## **Emergency Response and Evacuation Drills**

The Culinary School of Fort Worth conducts a test of the emergency response and evacuation procedure at least once annually. The test is unannounced to the students and takes place at a time when most of the students, faculty, and staff are expected to be present on campus. An emergency response log is maintained in the Director of Compliance’s office and includes the date, time, and whether the drill was announced or unannounced to faculty and staff.

## **Medical Emergency**

A medical emergency is defined as injury to any person or persons requiring treatment by a physician or by registered professional personnel under the standing orders of a physician (i.e., paramedics, ambulance personnel, nurses, etc.)

First responders may call 911 if they determine immediate medical attention is necessary. Once emergency services have been contacted, the School Director should be notified of the nature and location of emergency.

## **Minor First Aid**

For the treatment of minor injuries not requiring the services of physician or registered professional personnel under the standing orders of a physician, First Aid Kits are located in the Chef Instructor Office and next to the hand washing stations on each side of the kitchen.

## Accident Investigation and Reporting

Anyone who suffers an injury during school shall promptly report such injury to the Supervisor/Instructor. Every accident shall be investigated to determine the cause and the steps needed to prevent a recurrence. It shall be the responsibility of the Supervisor/Instructor to obtain the complete and detailed facts of the accident as soon as possible after it occurs and to see that the required reports are made to Administration.

## **General Information**

### **Campus Security**

CSFTW does not employ campus security personnel but encourages both its employees and students to immediately report suspected criminal activity or other emergencies to the nearest available CSA, school official, and/or in the event of an emergency, to directly contact local law enforcement or other emergency response agencies by dialing (911). Current policies concerning campus law enforcement are as follows:

- School officials have no powers of arrest other than the Citizens Arrest Law and are required in the event of a crime or emergency to call the correct agency or dial (911) for the police and emergency services. The Citizens Arrest Law will be invoked only as a last resort, and after all other possibilities have been explored.
- Employees shall contact their immediate or nearest ranking supervisor to report any criminal action or emergency to the appropriate agency by calling (911). If possible, in the interim, school official(s) shall attempt to non-violently deal with the crime or emergency with the appropriate agency on campus. Individual discretion must be used, as undue risk should not be taken.

### **Reporting a Crime**

All students and employees are required to report any crime or emergency to school officials promptly. If a student or employee wishes to report a crime on a voluntary or confidential basis, the school official will be prepared to record and report the crime, but not the name of the informant. The student or employee may, in order to maintain confidentiality, submit the information in writing to a school official without signature. Link: <http://www.city-data.com/so/so-Fort-Worth-Texas.html>

## **Campus Security Programs and Procedures**

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

The school is prepared to distribute timely warning notices to the campus when a crime poses a serious ongoing threat to the community to keep them aware of security related issues.

**Option to Notify Law Enforcement**

Although it is difficult, it is always best to report a sexual assault to local law enforcement as quickly as possible. Crimes that occur on campus can be reported to a CSA, who will record the incident for reporting, before assisting the complainant in notifying law enforcement, if assistance is requested. All incidents are encouraged to be reported to the Fort Worth Police Department for jurisdiction purposes.

If a crime is reported to the CSA and the complainant chooses not to report it to the police, a completed Incident Report Form is required which will allow for exclusion of the complainant's name. Any information received will be used for crime reporting notifications, campus crime statistics report, and campus education programs.

**On and Off Campus Services**

Guidance and assistance for reporting the assault may be received from the Title IX Coordinator. The Non-Reported Sexual Assault Evidence Program, created in the House Bill 2626 by the 81<sup>st</sup> Legislature in 2009, allows survivors of a sexual assault to obtain a forensic medical exam and have evidence collected, without cost to the survivor, even if they do not wish to involve law enforcement personnel at the time of its collection. This will secure the evidence while giving the survivor time to consider if they want to report the assault. It required the Department to transfer and preserve the evidence for either five years or until the survivor releases the evidence, whichever comes first. The rules and responsibilities related to this program can be found under Article 56.065 of the Code of Criminal Procedure.

CSFTW does not have pastoral or professional counselors. Counselors for mental health or victims of sex offenses can be found on a directory search online by searching "Counseling", "Counseling center" or "Counselors".

**Assistance with Academic or Other Changes**

The school is obligated to take protective measures to minimize the burden on a complainant of an alleged sex offense. CSFTW will change an individual's academic schedule after an alleged sex offense if those changes are requested by the complainant and they are reasonably available. CSFTW does not provide on or off campus housing, transportation, nor assistance with living arrangements.

## **Orders of Protection**

If a complainant informs CSFTW they have an order of protection, no-contact orders, restraining orders or similar lawful orders issued for a criminal, civil or tribal court in effect, the school will uphold the conditions of the order to the best of its ability.

## **Reasonable Accommodation**

The school administration can assist individuals in seeking resources for counseling, health, mental health, victim advocacy, legal assistance, visa/immigration assistance, student financial aid and/or other related services. CSFTW will provide written notification about options for, and available assistance in, changing academic, living, transportation and working situations. To request any assistance, contact the Director of Compliance. CSFTW will, as possible, maintain confidential any accommodations or protective measures provided to the extent that maintaining confidentiality will not impair the school ability to provide them. If the disclosure of personal information is necessary to provide the accommodation, the school will notify the individual prior to disclosure. Regardless of whether a complainant chooses to report the crime to campus security or local law enforcement, reasonable available assistance will be provided upon request. Organizations that provide assistance in changing living conditions and transportation or provide assistance with work situations or legal services can be found within this document for victims of dating violence, domestic violence, sexual assault, and/or stalking.

Measures taken concerning academic options may include, but not limited to:

- Rescheduling of academic assignments and/or exams
- Providing academic support services including tutoring
- Change class schedules
- Withdraw from a course without penalty; and/or
- Providing options for alternative course completion

## **Formal Hearing**

A live hearing with cross-examination is required for postsecondary institutions. At the live hearing, the decision maker(s) must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally.

At the request of either party, the school will provide for the live hearing to occur with the parties located in separate rooms with technology enabling the decision maker(s) and parties to simultaneously see and hear the party answering questions. Live hearings may be conducted with all parties physically present in the same geographic location or, at the school's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other. The school will create an audio or audiovisual recording or transcript of any live hearing and make it available to the parties for inspection and review.

Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker(s) must first determine whether the question is relevant and explain any decision to exclude a question as not relevant.

If a party does not have an advisor present at the live hearing, the recipient must provide, without fee or charge to that party, an advisor of the school's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party.

The decision maker(s) may consider statements made by parties or witnesses during the investigation, emails or text exchanges between the parties leading up to the alleged sexual harassment, and statements about the alleged sexual harassment that satisfy the regulation's relevance rules, regardless of whether the parties or witnesses submit to cross-examination at the live hearing. The decision maker(s) may also consider police reports, Sexual Assault Nurse Examiner documents, medical reports, and other documents even if those documents contain statements of a party or witness who is not cross-examined at the live hearing, however, the decision-maker(s) cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

### ***Rape Shield Protections for Complainants***

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incident of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

### ***Standard of Evidence***

CSFTW uses the Preponderance of Evidence standard for formal complaints against students and employees, including faculty.

## **Appeals**

Both parties involved in a formal hearing have the right to appeal a determination regarding responsibility and from the school's dismissal of a formal complaint or any allegations therein, on the following bases:

- procedural irregularity that affected the outcome of the matter,
- new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter,
- and/or the Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias that affected the outcome of the matter.

## **Disciplinary Action**

On-campus disciplinary action in cases of alleged sexual assault will be based on the findings of the investigation of the facts pertaining to the crime and other mitigating circumstances.

## **Informal Resolution**

If a formal complaint is filed, CSFTW does offer an informal resolution option if both parties give voluntary, informed, written consent. At any time prior to agreeing to a resolution, any party has the right to withdraw from informal resolution and resume the grievance process with respect to the formal complaint. Informal resolution process option is not offered to resolve allegations that an employee sexually harassed a student.

**Retaliation**

No school or person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in a Title IX investigation, proceeding, or hearing.
